Pack Children of Gaia

That's an interesting exercise! Since you've specified a **pack of Children of Gaia** with specific Auspices, their answers will be deeply influenced by their tribe's peaceful and compassionate nature, combined with the duties and perspectives of their Auspice.

Here is the pack's collective answer to the questionnaire, with each answer representing the most likely choice for a Children of Gaia with that Auspice.

We are the Children of Gaia. We are the peacemakers, the healers, and the glue that holds the Garou Nation together when it threatens to fracture. We are a pack, and though our Moon signs (Auspices) give us different methods, our hearts beat for the Unicorn and the Mother.

Our **Ahroun** (Warrior) craves action, our **Ragabash** (Trickster) questions the old ways, our **Theurge** (Seer) speaks to the spirits, and our **Galliard** (Lorekeeper) sings of our hope. But it is the **Philodox** (Judge) who helps us find the balance in the middle.

Here is our consensus.

The Questionnaire of the Unified Pack

What motivates you most?

- **Justice and fairness** *(The Ahroun wants to fight for it, the Philodox wants to measure it, and the Ragabash wants to ensure it applies to the weak, not just the strong.)*

How do you view technology?

- **A tool to adapt and survive** *(We cannot heal the world if we hide from it. We use the Weaver's tools to save the Wyld.)*

Your ideal community would be:

- **Open to outsiders and diversity** *(We are the tribe of the lost and the found. We believe unity is stronger than purity.)*

When faced with conflict, you prefer to:

- **Negotiate and keep the peace** *(Even our warriors know that a battle avoided preserves Gaia's warriors for the wars that truly matter.)*

How do you feel about rules and tradition?

- **Adapt them to new times** *(Stagnation smells of the Weaver. To survive the Apocalypse, the Garou must change.)*

A corrupt official endangers the city. You:

- **Rally community support for change** *(We work with humanity, not above them. Awakening their spirit is the only long-term cure.)*

You encounter a helpless animal suffering. You:

- **Heal or comfort it, then teach others** *(This is the way of Unicorn. Compassion is not a weakness; it is a weapon against the Wyrms.)*

Your group is divided on a decision. You:

- **Seek compromise and unity** *(A fractured pack is a dead pack. We talk until we are one.)*

A stranger requests refuge. You:

- **Offer food, shelter, and help** *(To turn away the needy is to invite the Wyrms into our own hearts.)*

You witness injustice. You:

- **Mediate and find a peaceful solution** *(If mediation fails, the Ahroun stands ready—but we try the way of peace first, always.)*

Which resonates with you?

- **Mother Earth and wild places** *(Though we walk the cities to heal them, our souls belong to Gaia.)*

For you, leadership should be:

- **Earned through respect** *(Dominance is the way of the wolf, but respect is the way of the Garou.)*

How do you treat secrets?

- **Share openly for all's benefit** *(Secrets fester like wounds. Truth cleanses.)*

How do you view modern human society?

- **Flawed but redeemable** *(We do not cull the herd; we try to cure the sickness within it.)*

If given supernatural power, you'd:

- **Heal the wounded** *(The Apocalypse is a wound on the world. We are here to stitch it closed.)*

Would you like our Galliard to recount a tale of how we applied these principles during our last encounter with a spirit of the Wyrn?
