

Ragabash-Uktena-338

Ragabash Uktena

As a Ragabash of the Uktena, my perspective is deeply informed by our tribe's history, quest for hidden knowledge, and connection to powerful, often forgotten, spirits and places. My role as a Ragabash (Crescent Moon) naturally leads me toward curiosity, stealth, and challenging conventions.

Here are my answers:

- **What motivates you most?**
 - **Wisdom and understanding.** (The Uktena seek hidden truths, and the Ragabash's path is one of exploration and unraveling mysteries.)
- **How do you view technology?***
 - **Neutral, depends on its use.** (We are pragmatic. Technology is a tool, and like any tool, it can be used for the Wurm or the Wyld. The Uktena are not Luddites; we are seekers who adapt.)
- **Your ideal community would be:**
 - **Spiritual and seeking enlightenment.** (Uktena value the spiritual realm and the search for profound knowledge above pure loyalty or rigid hierarchy.)
- **When faced with conflict, you prefer to:**
 - **Outthink and manipulate.** (As a Ragabash, direct confrontation is rarely the first or best option. I prefer to use wit, subtlety, and information to win.)
- **How do you feel about rules and tradition?**
 - **Question and challenge them if needed.** (The Ragabash must test boundaries and norms. Blind obedience can lead to stagnation, and the Uktena tradition is about revealing what is hidden, even if it's in the *Lies* of the past.)
- **A corrupt official endangers the city. You:**
 - **Work from the shadows, sabotage their plans.** (Subtlety is key. A Ragabash moves unseen, disrupting the flow of corruption without drawing immediate attention to the Garou.)
- **You encounter a helpless animal suffering. You:**
 - **Call upon spirits for guidance.** (The Uktena approach to suffering, particularly in the wilderness, is often deeply spiritual. I would seek wisdom and the appropriate ritual or spiritual solution.)
- **Your group is divided on a decision. You:**
 - **Listen, mediate, and suggest options.** (The Ragabash is often the neutral voice, the trickster who can show the group a third way they hadn't considered.)
- **A stranger requests refuge. You:**

- **Approach cautiously, consult with peers.** (Uktena are often wary due to the dangerous secrets we keep and the enemies we've made. Trust must be earned or guided by collective wisdom.)
 - **You witness injustice. You:**
 - **Plot a clever and discreet response.** (Direct action is for Ahroun. My response must be precise, subtle, and effective at fixing the problem without unnecessary collateral damage.)
 - **Which resonates with you?**
 - **Mystical exploration of spiritual realms.** (This is the core of the Uktena identity—delving into the mysterious, the hidden, and the spiritual depths.)
 - **For you, leadership should be:**
 - **Guided by spiritual insight.** (Knowledge and understanding of the spirit world, not just physical strength or lineage, must guide the tribe.)
 - **How do you treat secrets?**
 - **Protect and use strategically.** (Secrets are the lifeblood of the Uktena. They are a weapon and a treasure, to be guarded closely and only revealed when they can serve the greater good or achieve a key objective.)
 - **How do you view modern human society?**
 - **Flawed but redeemable.** (If it were completely irredeemable, the fight would be over. The trickster in me sees the weaknesses and the potential for a new, hidden path.)
 - **If given supernatural power, you'd:**
 - **Unravel ancient mysteries.** (My ultimate goal is to find the lost wisdom, the forgotten lore, and the truth hidden from the world.)
